Quotes

MT Head Coach Stephany Smith: "[Patrice Holmes] had a really good game tonight, obviously down the stretch. We knew [Ashley Atkinson] was going to take their last shot, and they knew Patrice was going to take our last shot. I really thought we fought awfully hard, and got a monkey off our back. As far as Denver is concerned, they are a very good basketball team. They have a great backcourt player and great shooters. We have lost to them several times. For us to come out with that win, when they made every shot they needed to make in order to win is huge."

On getting her 100th victory

"That is a great accolade to have. I hope to go past two and three [hundred] and on beyond. I don't plan on getting out of this racket anytime in the near future. You can't give me any of that credit. It is for the rest of the coaches and players that come here and commit themselves to this program. I just happen to be the one holding the reigns."

MT Guard Patrice Holmes: "My teammates look at me as leader, and they instill confidence in me. So, I just took whatever the defense gave me."

"I think Jennifer Justice did a great job of hitting a big shot down the stretch. I think [Atkinson] is a very good player. We just wanted to contain her and not let her get any open three point shots."

MT Forward Mia Parviainen: "We knew that Coach Smith had 99 wins, and we tried to fight hard to get her that 100th win."

"It was pretty physical. They have good three point shooters. We had to fight through their screens

and be aware, but they still knocked down the threes."
