DAILY STOCK REPORT:

Today's practice: "We got a little bit done before the storm forced us off the field. We were able to do some inside work, goal-line, red-zone passing, skeleton; we got a little bit of individual work and competition, so it wasn't a completely wasted day. You wish we could have got a full day in but with (Friday) being the last day of school if this happens again we will be able to move practices around and get everything we need done in practice. It wasn't completely a wash but we didn't get as much done as we would have liked."

On the receivers being challenged: "I thought they came out wanting to get better. I challenged the receivers today. I met with them and just kind of talked to them about guys I've coached in the past and how they practiced - Rod Gardner, who was a first-round pick, and Troy Williamson. I told them this is how those guys practiced and if you want to be good this is what you have to do. Maybe they are starting to catch on to what we are saying and what we mean by working as hard as you can every day. The receivers did come out and make some nice catches and they seemed to compete better than they have the last couple of day."

On shortened camp time and practicing while summer school is in session: "Right now their heads are everywhere. They are doing homework last week and this week. They have exams today and (Friday). There is a lot on their plate right now but when we get through tomorrow and get through school and just focus on football for the next three weeks I think that will help them a little bit, also."

RB ALEX SUBER ON TODAY'S PRACTICE: "The offense came out more enthusiastic today. We had a bad day yesterday and everyone came out wanting to get better today. Coach 'Stock' knows what he is doing and it showed today because guys understood we can't worry about what happened yesterday but we have to take it, use it, and come back with a will to get better the next day. I think we did."

MISCELLANEOUS: The Blue Raiders moved practice up 15 minutes today due to the threat of thunderstorms coming into the area later in the evening. They did the same thing Wednesday and were able to get through the entire practice; however, the Blue Raiders weren't as fortunate Thursday. The scheduled practice (1 hour, 50 minutes) was halted just more than an hour into the workout when severe thunderstorms rolled through the Murfreesboro area ...

NEXT PRACTICE: The Blue Raiders will hold their eighth practice of fall camp on Friday from 6 PM to 7:50 PM
