Middle Tennessee State head coach Matt Peck:

Opening statement...

"It was a difficult match for us. Of our eight losses this season, five have been in five-game matches. Right at the end we shanked two passes and that was about the end of it. When we were passing well, we weren't having and trouble scoring.

On team's service errors...

"That was huge. Last night we had three service errors. Tonight, we had fifteen and they weren't even aggressive errors.

Sophomore outside hitter [Izabela Kozon](#):

On size of Purdue's players...

"They were a taller team. It is harder to hit when the team is taller."

Junior libero [Ashley Waugh](#):

On having family in attendance...

"I have a really big family and they all traveled up here. It's only about an hour away for them. They are very supportive of me and my team."

Junior outside hitter [Ashley Mead](#):

On being undersized for an outside hitter...

"I think it's very funny because all my life I have been overlooked. That actually makes me play so much harder and so much better. I take a pretty fast approach and I think that's what helps a lot."
