Meet Kermit Davis

Hopefully this letter finds you doing well and looking forward to a fantastic summer to improve your team! I have been running camps for 27 years all over America and can safely say Middle Tennessee has the very best camp facilities on campus of anywhere in college basketball. There are 10 regulation courts on campus, newly renovated dorms, outstanding food for your teams and staff, and a first class Officials camp to facilitate 9-10 regulation high school games! Our newly renovated practice facility will also be used for team camp games.

We are attracting state tournament teams from Tennessee, Georgia, Kentucky, Alabama, Virginia, and Mississippi. We have also had great high school programs from Missouri and the Washington DC, area over the last two summers. If you want first class facilities, tough competition, and well organized games, we would love to have you and your team join us this summer. Competition is terrific, and pool play competitions are set up during the week to best suit your team's needs.

We hope to see you this summer in Murfreesboro, site of the Tennessee High School State Championships!

Go Blue Raiders!
