HEAD COACH KERMIT DAVIS"I thought that we had really good energy throughout the first half. We've had really competitive, physical practices and I think it showed tonight. I think they're a really good offensive team, and I thought we just put together a really good 20 minutes of physical defense and sharing the ball. Raymond got us off to a good start. We had 20 assists on 28 baskets. When you play that hard and you're that unselfish, it was better than it was against Belmont."

On Shawn Jones..."He was a little rusty in the first half. It was great to see him in the second half get some plays and make some physical plays around the rim. Kerry made some really good passes to him so that was a positive for us."

On the team's chemistry...

"It's really good. I thought our bench enthusiasm and bench play was good. Guys came off and played hard. I thought Kerry Hammonds played well off the bench. Tweety had five assists in the first half. Shawn Jones responded. It was good to see Jacquez Rozier back out there and play some quality minutes. I thought James Gallman played well. We still have to keep getting better. The next two days are critical before we play Vandy."

On the defensive effort...

"I'm proud of the ball pressure. Sometimes when you're playing smaller around the goal, the ball pressure will help you defend the post. I thought our ball pressure was really good in the first half."

On the upcoming Vanderbilt game ...

"It's going to be fun. We're excited to be playing and I know Vanderbilt will be too. Vanderbilt's playing much, much better. I knew that would happen. He had a lot of new pieces and those pieces are starting to play. Kevin's such a good coach. I hope it'll be a real good college game."

JUNIOR FORWARD SHAWN JONES

(On recovery from a seizure on Sunday): I was feeling good. Coach Davis and Drew (Shea) asked me how I was feeling in shoot-around, and I told them I was better than yesterday, because I was still a little dizzy on Monday.

(On missing the effects after missing practice): In the first half, I had to get used to the contact again, but after the first half, I felt like I was back into the groove.

(On coming back strong after loss at Belmont): We just knew that we had to come back with our best effort tonight, because we didn't do that against Belmont.

(On Friday's game vs. Vandy at Bridgestone Arena): We just need to pay attention to our scouting report, and practice hard for them and pay attention to details.
