HEAD COACH KERMIT DAVIS

"I'm very proud of our team. We've had good parts of first halves and we haven't really finished teams in the second half. We've had a lot of lapses and that's been a big thing in our practice over the last three or four days, and I thought in tonight's second half our defensive pressure stayed with it for the most part. Little Rock is a good team that's been playing really well and beating teams pretty handily at home."

"I thought defensively and offensively we shared the ball. Guys started making shots. For the first time in a long time, we had different guys making shots. We did early in the year, but at Monroe we were one for thirteen from the three and tonight we had six guys make a three. That's when you score points and it was good to get ourselves in the seventies and even in the eighties."

On worrying of peaking too early...

"Not at all, I think we have so much good basketball ahead of us. We've kind of struggled lately, we've played hard but we hadn't put together complete games. Tonight wasn't either because we had seventeen turnovers, but it was better tonight. I saw our team practice better the last couple of days and we're kind of dinged up right now so that was a good sign. We didn't know if Jason Jones would play and he did. Tweety kind of fought through a foot deal so we're going to have to take it light before we play on Saturday."

On Bruce Massey...

"Bruce has really led our team and he has had some really good practices too. He gets our defense started, especially since he is guarding the point. He gets his hand on a lot of balls. He did a good job, we had excellent point guard play tonight. And Tweety came in and played his tail off, too."

JUNIOR GUARD TWEETY KNIGHT

On whether this was the best he played this year...

"Definitely. It was a complete game. I came ready to play tonight, so it was my most complete game of the year."

On whether the team is peaking too early...

"We're better than this. We're a lot better than this. We've just got to get a lot better in practice. This week we had three good days of preparation, so that's what led to a good game tonight."

On team's balanced play...

"Our identity in our offense is sharing the ball, moving the ball, and coach preaches about it every day."

JUNIOR FORWARD NEIKO HUNTER

On team's strong second half play...

"Coach talks about it so much, that we haven't been finishing games, so tonight we talked about how we've got to stick to it - keep the lead and keep playing hard."

On physical play in the paint...

"It's always a battle. We bring it every day in practice, so when we get in the game it's nothing new."
